 10% savings if you pay in full!

- Programs are based on enrollment. A minimum of 15 students is required, and the program may be cancelled due to low enrollment.
- Tuition is due by the first Monday of each month. If no payment is received by the following Wednesday, a late fee will of \$25 be charged. Late fees will only be charged twice; after that, your child will not be admitted until the balance is paid in full.
- We have based our rates on the U-City school calendar. All proration, early release, school closures and holidays have been accounted for. In the event enrollment is a week or later into the month, adjustments will be made.

#### Example

The first Monday of the month falls on the 1st. If you have not paid by Wednesday the 3rd, you would receive a late fee. A second late fee would be issued on the 10th. If you still have not paid by the 12th, your child would no longer be admitted into programming.
